HOWARD AND SIXTEENTH STREETS

THREATS AGAINST WOMEN

Wives and Children of Copper Miners at Work Are Scared.

MANY COMPLAINTS TO MILITIA

Mother Jones Will Com. Tuesday to Help Direct the Strike—Removal of the Troops Is Asked For.

CALUMET, Mich., July 31.—Increased complaints of threats against the lives and children of non-union copper mine employees caused General P. L. Abbey, of the Michigan state troops, to consider seriously today the necessity of establishing central sleeping quarters where the terrified women can rest under guard.

Reports reaching brigade headquarters led the military commanders to believe that there was no immediate prospect of any general rioting and finding the men at work deaf to threats, the union "missionaries" had turned their attention to the women and children.

More workmen reported for duty today, according to mine operators. The union leaders claimed, however, that there had been no appreciable break.

Two miners who are alleged to have headed the strikers who took the strike away from deputies in the initial stages of the strike were arrested.

Mother Jones Coming.
Union leaders announced today that "Mother" Jones had accepted the men's invitation to come to the copper country and would be here next Tuesday. Plans for a big demonstration of welcome to the aged strike leader were immediately begun.

A tremendous windstorm which swept Keweenaw peninsula before dawn brought forth inquiry to several guardmen. Troops were kept busy saving their camps from being scattered over the countryside. Except for the storm, there was practically no disturbance of soldiers' slumbers.

C. E. Mahoney, vice president of the Western Federation of Miners returned from Lansing today, but declined to discuss his visit to Governor Ferris, nor would he venture a prediction as to the future attitude of the state executive.

Ask Removal of Troops.
LANSING, Mich., July 31.—Copies of resolutions adopted at mass meetings held at Houghton and Hancock were forwarded to Governor Ferris today, in which the strike sympathizers vigorously protested against the action of the governor in permitting the troops to remain in the copper country. The resolutions in part are as follows:

Whereas, this present strike is largely if not wholly due to the refusal of the operating companies to meet representatives of their employees in conference to adjust hours, wages and working conditions; and whereas, such a course as arbitrary, so ruthless toward the rights of thousands of working men and the welfare of the community is foreign to American ideals of justice and the square deal.

be used to break strikes; that refusal to meet the workers' representatives is so repugnant to fair dealing that it will not be tolerated in a free community. The reply of the mine operators to Governor Ferris' request for a conference has been mailed to the executive office by Brigadier General Abbey and will not reach Lansing before night in all probability.

ROPER TALKS TO NASBYS

(Continued from Page One.)

And other private carriers are limited in their capacity, particularly to the extent of their routes of transportation. The United States mail goes everywhere throughout the length and breadth of the land. It penetrates the rural sections, the mountains, the thickly settled communities, and the sparsely populated regions alike, going where there are no express offices and where none will ever be established.

Great Territory to Cover.
"In considering the establishment and maintenance of a postal facility in the United States we must not lose sight of the vastness of our country. Continental United States, including Alaska, has an area of 3,616,000 square miles, whereas Great Britain has an area less than that of our new state of New Mexico, either Germany or France an area but little in excess of the combined area of Colorado and Wyoming, and Belgium is a little larger than the state of Vermont. The combined area of England, Wales, Scotland, Ireland, Belgium, France and Germany is less than that of the four states of Texas, Arizona, New Mexico and Wyoming. Hence transportation conditions, which are the main factors in parcel post system, as between the United States and the countries of Europe are altogether incomparable.

"It was estimated that during the first year of this new service 300,000,000 pieces would be handled. The data thus far obtained indicates that this number will be doubled. This immense volume of mail is being dispatched and delivered promptly without any congestion or delay to the other mail, which reflects great credit on our service. Postmasters and employees throughout the service have shown a spirit of co-operation with the department in making this service a success which is highly commendable.

Convenient and Economical.
"The manufacturer and the merchant use the parcel post because of its commercial benefit, but to the household and to the occasional user its attractive features are those of convenience and economy. The ideal service is one that will permit the personal laundry and the wonderful creations in women's wearing apparel being sent from a distance and received in fit condition to be worn by the most fastidious; that will permit the country dame to get into closer touch with the bargain counter at the city store and will permit the city resident to receive from his farm a daily consignment of the products of the soil and barnyard.

The service in Europe is of this character and I am confident I express our hope when I say that we will soon equal if not excel the service of Great Britain.

Gomme-Vogel.
Roy J. Gomme of Omaha and Miss Elsie F. Vogel, daughter of Henry C. Vogel of Galloway, Cass county, Nebraska, were married by Rev. Charles W. Walbridge at 5:30 Wednesday. Mr. and Mrs. C. Morrison were best man and woman.

WOMEN LAY SIEGE TO SENATE

Suffragists from All States Present Petitions.

SENATORS HEAD THE PARADE

Members of Committee on Woman Suffrage, Which Favorably Reported Amendment, Meet the Petitioners.

WASHINGTON, July 31.—"Votes for women" was the demand today from delegations of suffragists from every state in the union who besieged the senate chamber and boarded the senators with petitions bearing thousands of signatures, urging consideration of a woman suffrage constitutional amendment.

The siege of the senate followed a demonstration, in the course of which hundreds of women paraded from Hyattsville, Md., through the country roads and the city streets, down Pennsylvania avenue and through the capitol grounds. Members of the senate woman suffrage committee, which has already favorably reported, the suffrage amendment, met the petition bearers and rode to the capitol with them.

Miss Paul Leads Parade.

Miss Alice Paul, chairman of the legislative committee of the National American Woman Suffrage association, officers of the association and the senate committee headed the parade. At the capitol it disbanded and a cloud of femininity fluttered into the senate wing. The dignified hush of the imposing marble room just off the senate chamber was shattered by the demands of women from various states, that their cards be taken to their senators. The pages were busy for the better part of an hour, hurrying senators from the chamber to meet their "constituents" armed with petitions.

After the petitions had been presented the delegations flocked to the galleries, where seats had been reserved, and the woman suffrage supporters on the floor of the senate took charge of the demonstration. Senators Owen, Ashurst, Poinsett, Jones, Works, Lane, Smoot, Clapp, Thomas, Shafter and Hollis made brief addresses endorsing the petitions.

Owen Joins Petitioners.

Senator Owen officially presented the petition to the senate. "The reasons of this request," he said, "are overwhelming and unanswerable and the time has come when they must be considered with dignity, with unbiased mind, free from prejudice or passion, in the interests of the welfare of the human race."

"I don't appeal to men from a party standpoint or call their attention to the effect which may be expected to follow if either one of the great parties should go so far as to insult the 3,000,000 women who now have the full suffrage in America by contemptuously denying a right so obviously just and so obviously necessary to the welfare, the progress and the happiness of the people of America, but I will remind you that a great party which has been in power for over 4,000 years last year declared for woman suffrage and the question can no longer be ignored."

Many Senators Speak.
Senator Clapp, presenting Minnesota petitions, made a stirring appeal for the extension of suffrage.

"Whatever the fate of this present resolution may be," he declared, "the time is not far distant and is inevitable when the American people will confer on the American woman the only weapon by means of which she can peacefully defend herself and her children—the ballot."

Practically every senator was armed with a bundle of the petitions, bound with the yellow ribbon of the suffragists. Senator Smoot, presenting the Utah petitions, attacked militancy in the fight for suffrage.

"Suffrage should be given not to the Pantheists and the Millenarians among our women," he said, "but to those who follow in the womanly footsteps of the American pioneers for suffrage—Mary Ellen Foster, Susan B. Anthony and others."

Sidetracked Tariff Bill.
For more than two hours the suffrage demonstration continued, senator after senator presenting petitions. When the time came to take up the tariff debate Senator Simmons, in charge of the bill, secured an agreement that it be laid aside until the suffrage petitions remaining could be received.

DEATH RECORD

Mrs. Martha A. Harris.
FAIRBURY, Neb., July 31.—(Special.)—A paralytic stroke two weeks ago was responsible for the death of Mrs. Martha A. Harris, a Jefferson county pioneer. Mrs. Harris was born in Sullivan county, Indiana, May 15, 1847, and spent her girlhood days in Indiana. She was married to William Harris in 1867. Mr. and Mrs. Harris came west in 1868. Mrs. Harris is survived by many children. The funeral was held at the home today.

George Fraser.
MADISON, Neb., July 31.—(Special.)—George Fraser, oldest son of A. R. Fraser of this city, died at 10 o'clock Monday evening at the home of his father of cancer of the stomach after an illness of several years. The funeral services took place at 10 o'clock this morning. The Knights of Pythias lodge, with which order the deceased was a member, had charge of the service. He was 43 years old.

French Antiquarian Dead.
GISORE, France, July 31.—Louis Charles Paulin Passay, "father" of the Chamber of Deputies and an eminent archaeologist and antiquary, died today, aged 83 years. Passay was a cousin of the late Frederic Passay, the peace advocate. He was a monarchist and had been a member of the Chamber of Deputies since the foundation of the "third republic."

Carl Fabrenbrueck.
MCCOOK, Neb., July 31.—(Special.)—Carl Fabrenbrueck, sr., of South McCook died Monday night of cancer of the stomach after a protracted illness. Interment was in Riverside cemetery this afternoon. A widow and eight children survive him.

George Bannan.
ST. PAUL, Minn., July 31.—George Bannan, 70 years old, one of the founders of large department stores in the Twin Cities and Portland, Ore., died at the home of his daughter here today of cancer.

An order was issued yesterday in district court of Minneapolis restraining two milk companies from raising the price of milk to consumers from 1 to 2 cents. The Minneapolis Milk company and Quaker Creamery company had announced their intention of making such an advance in prices.

IX. Home Rule Charter—Warrants, Deposits

What is in it—what is not in it—what it means.

Several changes from present practice with reference to financial operations of the city are incorporated into the new charter that, while of minor consideration, are of real importance.

The provision for the registration of warrants drawn on depleted funds reduces the interest rate on general fund warrants from 7 per cent to 6 per cent, which should mean a substantial financial saving to the taxpayers without in any way jeopardizing the credit of the city, as general fund warrants drawing 6 per cent are certain to command par at all times.

The proposed charter also authorizes the investment of surplus funds in the treasury in interest-bearing warrants, which is calculated to keep these warrants at par, and also to give the city the benefit of the interest paid, such interest all going to the sinking fund. Where this practice has heretofore been pursued by our treasurers it has been done under questionable authority of law.

The deposit of city funds is, as at present, confined to national or state banks, with not less than \$200,000 paid up capital, and limited to 50 per cent of the capital, but the banks will have the option of giving the city security in the form of indemnifying bonds satisfactory to the council, or of depositing municipal bonds, and the saving of the premium that used to be paid by the banks to surety bond companies should be a factor in the interest rate offered to the city. Incidentally, the treasurer is given authority to take out certificates of deposit in the depository banks with such funds as are certain not to be required for current expenses within the year.

GREAT BRITAIN STAYS OUT

Nation Will Not Participate in the Panama-Pacific Show.

TOLLS QUESTION IS A FACTOR
Germany and Other Nations Holding Back Because of Provisions in the Tariff Bill They Do Not Like.

LONDON, July 31.—Great Britain has decided against participation in the Panama-Pacific exposition at San Francisco in 1915. Notification of this determination of the British government was conveyed officially to Washington this week, the dispatch merely stating that Great Britain was not in a position to participate in the San Francisco exposition. No reasons were given.

Both the British foreign office and Walter Hines Page, the United States ambassador here, declined to discuss the matter or to reveal the cause of this reversal of the announcement made some time back that Great Britain had decided in principle to participate in the exposition.

It has been mooted for some time, however, that the dispute in regard to the Panama canal tolls might possibly lead to this result and the present notification of non-participation is attributed to that cause.

Germany May Also Drop Out.
WASHINGTON, July 31.—After exhibiting much concern over the places which would be assigned to prospective exhibitors by the management of the Panama-Pacific exposition, the British government finally has declined to participate. The long delay in action on the invitation to participate in the exposition extended a year ago has been the cause of deep concern to the management of the exposition, particularly as formidable opposition had likewise developed in Germany, where certain of the great trade associations, such as those representing the steel and iron manufacturers had formally requested the German government to decline the invitation.

In an unofficial way it is said that dissatisfaction on the part of the great commercial nations will be with certain features of the pending tariff bill, which they felt bore hardly on their trade was the reason for the attitude of covert hostility toward the San Francisco fair. But as the senate finance committee has amended the tariff bill in a manner thought to make it unobjectionable to those nations, it was fully expected that they would see their way clear to accept the invitations.

Panama Tolls Still an Issue.
In the case of Great Britain, however, through the original cablegram of Ambassador Page giving notice of the declination has now been supplemented by a mail report dealing with the subject more fully, it is not yet positively known what basis of objection now remains. It is thought by officials, however, that the reason assigned by the British government is a belief that there have been too many such international exhibitions in recent years, the underlying objection is based on the view of incongruity of British participation in an event designed to celebrate the opening of the Panama canal, while there is a dispute as to its free use.

Killed by Target Bullet.
SHERIDAN, Wyo., July 31.—(Special Telegram.)—Charles Rehman, 10 years old, is dead as the result of a bullet wound inflicted when a small rifle in the hands of an older brother was accidentally discharged.

After a thorough inspection today, we find that the damage from the fire last night was very slight, only one small shed having burned.

All our large stock of Pennsylvania Anthracite (hard coal) Solvay Coke, Bonanza Semi-Anthracite and Rock Springs coal were housed in buildings that were not touched by the fire, and remain in perfect condition.

About 200 tons of Illinois coal that was in the burned building was slightly damaged by water, and will be sold at a sacrifice price to anybody interested.

The fire will in no way interfere with our prompt delivery from yard at 13th and Webster, or from our new yard at 43d and Nicholas.

FIRE AT OUR YARD DOES LITTLE DAMAGE

GERMAN OFFICERS ON TRIAL

Four Men Are Arraigned on Charge of Accepting Bribes.

PART OF A BIG CONSPIRACY

It is Alleged There Was an Organized Scheme to Start War Scare to Cause Pursuit of Arms.

BERLIN, July 31.—The disclosures of corruption in the German army made by Dr. Karl Liebknecht, the socialist deputy in the Imperial Parliament on April 18, came up today when a court-martial convened to try the military officers charged with accepting bribes for information of pending government contracts for arms and ammunition.

Four officers of the ordnance department were brought before the judges. They were Lieutenants Tullan, Hinst, Hoge and Schieuder, to whom was entrusted the supervision of many of the ammunition and arms contracts at various arsenals and factories throughout Germany. Chief Clerk Pfeiffer and two noncommissioned officers of the ordnance corps also were in the prisoners' enclosure.

It has been charged by Dr. Liebknecht that "corruption and bribery of the part of munition companies" was prevalent and that there was an organized scheme for raising war scares and thus causing the government to spend more money on armaments.

The civilian offenders, who include the alleged briber on behalf of the ordnance companies and also the directors of those concerns will come before an ordinary criminal court at a later date.

Trial with Open Doors.
It was decided by the president of the courtmartial to permit the admission of twenty reporters to the tiny court room and these and a few military officers formed the audience. Contrary to the usual custom at courtmartial, the trial was held with open doors, but reporters and others not officially present were excluded during the reading of the confidential reports and other papers seized from Krupp's representatives and containing information illegally obtained and of vital interest to the national defense.

The accused officers appeared in full uniform and wearing decorations on their breasts. The formal charge against the prisoners was the betrayal of military secrets, the acceptance of bribes and insubordination.

Accused Admit Part of Charge.
The accused, although admitting the communication of secret information to Krupp, protested that this had been done without criminal intent, since they believed there were no secrets between the German government and Krupp.

The accused officers were the first to be called to the witness stand. They admitted under cross examination that the information betrayed by them to the Krupp representative would have been of the highest importance if it had reached foreign powers.

The early testimony indicated the accused had acted rather out of good fellowship to Krupp's representatives on account of the comparatively small sums received by them and nothing new or particularly sensational was evoked during their examination.

TWO ACTRESSES KILLED
ON A GRADE CROSSING

NEW YORK, July 31.—Mrs. Mary Barker, who was a successful actress under the stage name of Reynolds, playing with Fanny Davenport and Mrs. Pliske, and daughter, Margaret, also an actress, who appeared with Chas. in "Tadpole Duet," were killed at Ossining last night.

Patrick Skelly, a local hackman, drove his one-horse surrey on to the New York Central tracks directly in front of the Lake Shore limited train and the two women, who were passengers on the rear seat of the vehicle, were instantly killed, while Skelly escaped unhurt. The surrey was half way across the rails when the locomotive hit it. Skelly is declared by witnesses to have disregarded a flagman's warning of danger and his arrest was ordered by Coroner Dunn.

MINE MANAGER NOT
GUILTY OF MURDER

JUNEAU, Alaska, July 31.—John MacDonald, general manager of the consolidated Mining and Milling company of Guanajuato, Mexico, and former superintendent of the Treadwell mine here, was acquitted today by the jury that tried him on the charge of having murdered N. C. Jones, a mission worker, on May 14, 1902.

Persistent Advertising is the Road to Big Returns.

FRANK CANNON HAS ROW WITH MORMONS

MARION, Kan., July 31.—Former United States Senator Frank Cannon of Utah, in an address here last night, arraigned the Mormon church, charging it with infidelity to its promises to the government to stop the practice of polygamy. He declared the political power of the church still was being extended. Two Mormon elders, who have been in Marion several days, protested against Mr. Cannon's statements. The debate that ensued caused much feeling and there was some talk of driving the elders out of town.

THREE MORE WEATHER
MEN ARE DISMISSED

WASHINGTON, July 31.—R. E. Pollock, section director of the weather bureau at Trenton, N. J.; Prof. H. L. Heisekell of the office of meteorology and Daniel J. Carroll, chief clerk of the weather bureau, implicated in the alleged political activity of former Chief Willis L. Moore, which resulted in his dismissal, were removed from office today.

WINNIES SUGGESTED FOR PHILIPPINE POST

WASHINGTON, July 31.—Senators Kern and Shively and members of the congressional delegation from Indiana had a brief conference with President Wilson today, urging the appointment of G. V. Menzies of Mount Vernon, Ind., to be governor general of the Philippines. The president said he would take Mr. Menzies' name under consideration and indicated that his mind was still open on a man for the place.

GERMAN OFFICERS ON TRIAL

WINDOWS TELL ELOQUENT TALE

Brooks Has "Half Price" Suits Right in Plain View of Passers By.

Suit Values That Talk Right Out For Themselves Through Thick Panes of Window Glass.

When the very price tag on a suit of clothes can draw an apparently uninterested man right into a clothing store and create a sale of the suit it adorns, it must be indeed a price tag with a small figure on it.

And this happens daily at the George Brooks establishment in the City National Bank building, at the corner of Sixteenth and Harney streets.

Men go by this store carelessly; see a suit in the window marked "HALF PRICE;" stop and gaze at the suit casually; then say to themselves, "Gee, but that looks good for the money! Guess I'll go in and see if they've got my size." And the outcome is that the suit sells itself.

Yes, sir! A price tag can tell an eloquent story; the price tags on the suits now in Brooks' windows show that George is selling \$20 suits for \$10; \$25 suits for \$12.50; \$30 suits for \$15; \$35 suits at \$17.50 and \$40 suits at only \$20.

Better look out when you pass Brooks' windows at Sixteenth and Harney streets for one of those price tags may bob up and grab you.

NOW TIME TO BUY PORCH FURNITURE

Omaha home owners can buy porch furniture right now 15 to 50 per cent lower than the season's price to date, 15 to 30 per cent lower than they can buy it next June, and have the use of it for two months yet this season.

In accordance with Beaton & Laler Co.'s policy, they do not intend to carry any porch furniture into the fall season, so are willing to dispose of what they have on hand without profit. They will sell swings Friday and Saturday at one-half the regular price. Chairs, rockers and settees, including Chinese Grass, Fibre Rush and Willow Furniture, they will sell at 25 to 50 per cent reduction.

For a few dollars you can equip your porch in a comfortable way that will pay you big in health and comfort. Think of your family's comfort and inspect these offerings—Beaton & Laler Co., 416-17 South Sixteenth street.
